WHAT CAN OUR WALLS DO?

SIMPLIFY YOUR LIFE!

Get your exhibit going right away with easy design, simple set up, and intuitive use.

Pareti Mobile Walls are designed to be **simple**.

Create your floor plan in feet and inches (or centimeters, if you prefer).

Enjoy simple set up. Our walls arrive for immediate use, right out of the box.

Hanging items is simple. No wires, no construction timelines, no construction know-how. Use a nail and hammer or other methods that work with regular drywall.

We even make custom orders simple.

Take out the hassle of exhibit planning, set up, and removal.

WHAT CAN OUR WALLS DO?

SIMPLIFY COLOR

Change color simply.

Get used to the idea of changing walls - by shape and color.

Be bold, be grey - whichever you like best. Use ordinary indoor house paint, and paint away!

We also offer vinyl graphics, and special surface coverings. (We can help with graphics too.)

HANG IT UP.

MAYBE YOU HAVE MORE THAN PICTURES?

How do you hang up the huge, the bulky, and the unusual? The same way you'd hang it on drywall.

Why have a wall that doesn't act like a wall? Pareti allows you to hang the types of items you'd want on permanent walls.

OUR
WALLS
ARE
USED**

Jessica Stafford Davis, founder of The Agora Culture and Art on the Vine, uses Pareti Mobile Walls for outdoor (tented) art show events.

ART EVENTS

the Agora Culture uses Pareti Mobile Walls for their annual art event, Art on the Vine. The walls are set upon a paved area outdoors. Utilizing a stable floor plan and the protection of a tent to keep wind under control (and to protect art from the elements), the walls help make this an amazing event.

Stefania Panepinto is a fine artist, art advisor and gallery owner, and principal of Panepinto Fine Art and Panepinto Properties uses Pareti Mobile Walls to market fine art in atriums and public spaces.
